Voter ID planned for elections

Significant changes are being planned for how people vote in elections. From May 2023, voters in Hart will be required to bring photo ID to polling stations in line with all councils across England.

The changes are being introduced to prevent voter fraud, which is when someone pretends to be someone else. The Government acknowledges levels of fraud are low but argues that every vote

matters, and that voter ID will protect electors from having their vote stolen.

The types of ID allowed include passports, photographic driving licences, biometric immigration documents and some concessionary travel passes. For those without photo ID, there will be a new free form of identification, the Voter Authority Certificate.

The changes will cover all UK Parliamentary elections, local council elections in England and Police and Crime Commissioner elections in England and Wales.

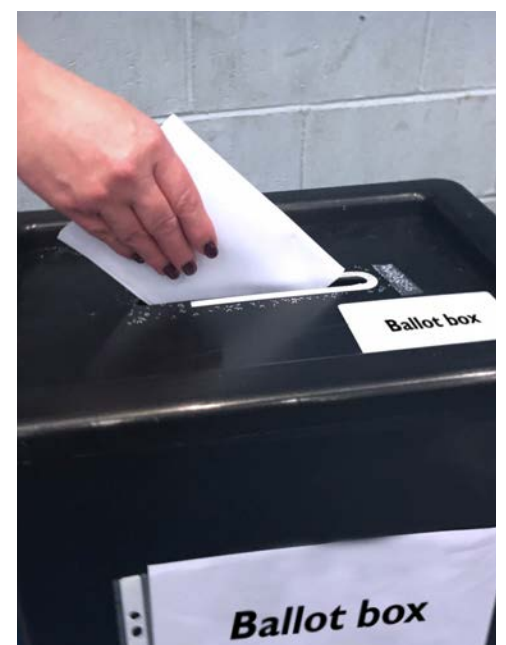

Councillor David Neighbour

Councillor David Neighbour, Leader of Hart District Council, said:

“We do not want anyone to face a barrier to voting and it is vitally important that the

application process for a free voter card is easy and accessible.

“We will be widely promoting the changes in the coming months, alongside the Government’s national campaign, to ensure Hart residents can continue to exercise their right to vote.”

Royal tribute

Our Countryside team has recycled a damaged Wellingtonia tree and turned it into a commemorative bench to celebrate the reign of Queen Elizabeth II.

Why not pay a visit to All Saints Church, Crondall where the bench is sited?

More Countryside news on page 9.

Recycling at Christmas

We all have that bit more to recycle at Christmas, so find out what you can do with your festive waste.

Christmas trees

If you have a real Christmas tree, you can either plant it to use next year, if it has roots, or recycle it.

Garden waste collection service

If you subscribe to our garden waste service, you can put your real Christmas tree out with your other garden waste on a collection date before the end of January.

Christmas tree drop-off points

Drop off your real Christmas tree between Monday 2 January and Sunday 29 January 2023 at one of the following sites:

- **Ewshot** - Ewshot Village Hall, Tadpole Lane
- **Fleet** - Church Road car park
- **Hook** - Reading Road car park, opposite White Hart pub
- **Yateley** - Yateley Town Council Offices, Reading Road

Please do not take artificial trees, decorations or trees over 1.8m (these should be cut in half).

Artificial trees

If you want to dispose of a synthetic Christmas tree, please book a slot and take it to your nearest household waste and recycling centre: www.hants.gov.uk/wasteandrecycling

Greetings cards and gift tags

You can put these in your blue recycling bin, but please remove the sticky tape. However, do not put cards with batteries in the recycling bin.

Wrapping paper

Please do not include wrapping paper. Wrapping paper is often dyed, laminated and/or contains non-paper additives such as gold and silver-coloured shapes, glitter, and plastics, which cannot be recycled.

Consider wrapping your presents in brown paper which is recyclable.

Bottles

Remember to put your glass bottles in your green glass box. If you regularly have extra glass you can buy a maroon wheeled bin by calling **01252 622122**.

You can also pick up an extra green box from the Civic Offices in Harlington Way, Fleet.

Cans and plastic bottles

All plastic bottles and drinks cans are recyclable and can be put in your blue bin so, if you can, opt for these instead when shopping.

Find out more about what you can recycle at www.hart.gov.uk/recycling-waste

Christmas and New Year bin collections

Waste and recycling timetable

Normal collection date	New date for collection
Monday 26 December	Tuesday 27 December
Tuesday 27 December	Wednesday 28 December
Wednesday 28 December	Thursday 29 December
Thursday 29 December	Friday 30 December
Friday 30 December	Saturday 31 December

Collections will return to your normal day from 2 January 2023.

Garden waste

Garden waste collections will pause for two weeks from 23 December to 9 January. These dates have been updated since the calendar was first published so please take note of the change.

Be a hero in your kitchen!

A large amount of the UK's annual household food waste (4.5 million tonnes of food) is during the time when Santa pays a visit.

At Christmas, an incredible five million Christmas puddings, two million turkeys and 74 million mince pies succumb to the scrap heap while still edible.

Many of us aren't aware of how much food we're throwing away, as it's very easy for a bit here and a bit there to quickly add up. That's where Hampshire Kitchen Heroes comes in!

Hampshire Kitchen Heroes is an interactive programme for residents across Hampshire, rewarding you for taking steps to reduce your food waste.

There is a whole range of food waste-saving actions that earn you Green Points and the top Green Points earner every month can win a £20 voucher for use at Hampshire Outdoor Centres, Marks & Spencer and Love2Shop, or opt to donate to your local food bank.

Find out how to become a kitchen hero at www.hampshirekitchenheroes.co.uk

Keep in touch

We want to make it easy for residents to get in touch.

If you have a general enquiry, you can contact us by calling **01252 622122** or emailing enquiries@hart.gov.uk. You can also connect with us on our online profiles (managed during office hours).

Have your say on the corporate plan

Hart District Council's current corporate plan was adopted in 2017. Following an unprecedented last three years and increasing demand for Council services, we need to look at our priorities going forward and have created a draft corporate plan for 2023-2027.

We are seeking the views of all residents and stakeholders to make sure our focus for the next four years reflects the priorities of everyone in Hart. To gather these, a public consultation has been launched and is running on our website until Sunday 18 December.

The consultation asks four questions on our corporate plan and offers you the opportunity to share your views and ideas. You can view the draft plan and submit your responses via our website at www.hart.gov.uk/corporate-plan-2023-2027. Paper copies are available on request – please email communications@hart.gov.uk, call **07816 109683** or drop by the Hart District Council offices.

This plan will shape the work and projects we undertake in the next four years, and we are keen to gather as much input as possible from the community.

We have identified three key focus areas for our plan for the next four years. These are:

- **Planet** - a new zero carbon and climate resilient Council by 2035, and a climate resilient district by 2040.
- **People** - fair treatment for all, help for those in need, and a sustainable economy that makes Hart a great place to live, work and enjoy.
- **Place** - delivering warmer, better homes in sustainable locations that people can afford to live in.

Each of these focus areas will have key objectives and goals identified within them and will be underpinned with providing a resilient and financially sound Hart District Council.

Boost your immunity

Top up your immunity this winter with the COVID-19 booster and flu vaccines.

This winter it is expected that many respiratory infections, including COVID-19 and flu, may be circulating at high levels – this may put increasing pressure on hospitals and other health care services.

For these reasons, people aged 50 and over, those in care homes and those aged five years and over in clinical risk groups are being offered a seasonal booster of the COVID-19 vaccine.

If you are eligible for a flu vaccine, you may be able to have one at the same time.

For more information on how to book, visit www.nhs.uk/conditions/vaccinations/flu-influenza-vaccine

Eligible children for the COVID booster aged 5 to 15 can attend walk-in centres such as the Harlington in Fleet, open on Tuesdays, Thursdays and Fridays, 9am – 1pm and 2pm – 6pm.

Joint Council CEO steps down

Joint Chief Executive Patricia Hughes has stepped down from Hart District Council to pursue a new chapter in her life.

Patricia joined the Council in 2012, initially as a Corporate Director, before being appointed as a Joint Chief Executive (Head of Paid Service) in 2014.

Councillor David Neighbour, Leader of the Council, said: "As Joint Chief

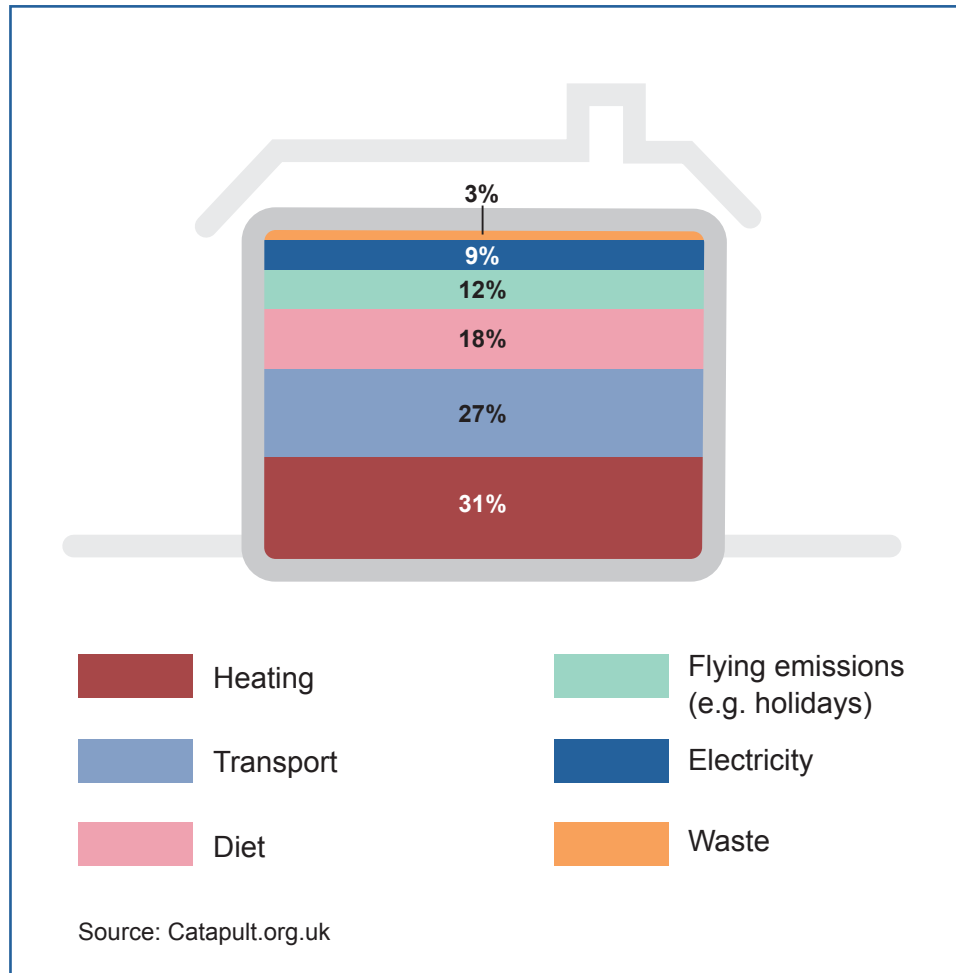

Executive, Patricia led on many initiatives, including the delivery of the new £23m Hart Leisure Centre, the development of the Council's 2040 vision and, more recently, she has been pivotal in the Council meeting the immense challenges presented by the COVID-19 global pandemic."

Patricia's departure leaves Daryl Phillips in the role of Chief Executive, providing continuity and stability for the Council.

Council Christmas and New Year opening hours

Date	Council Offices & Contact Centre
Friday 23 December	Close at noon
Monday 26 December	Closed
Tuesday 27 December	Closed
Wednesday 28 December	Closed
Thursday 29 December	Open 8.30am – 5pm
Friday 30 December	Open 8.30am – 4.30pm
Monday 2 January	Closed

We need to think beyond recycling if we are to reach net zero

How much does our waste really contribute to our carbon footprints? Is it going to 'move the needle' on climate change?

In short: No. Household waste contributes 3% of our household's carbon emissions. While recycling and waste are important, if you want to significantly reduce your carbon footprint, there are some other areas of your emissions you probably should consider first.

So what should we focus on?

Top three emissions and suggested actions:

Emission	Actions to consider
Heating	Insulate our houses better, upgrade to heat source pumps, install solar panels
Transport	Reduce our use of petrol cars, upgrade to electric vehicles, walk/cycle and use public transport more
Diet	Eat less dairy and meat, waste less food

If you prioritise and make a plan for the above, these will have a significant impact on your household emissions and put you well on your way to reaching net zero by 2040.

200 pledges made for Great Big Green Week

Hart residents, councillors and council staff have demonstrated their commitment to fighting climate change by making 200 planet pledges for Great Big Green Week.

Pledges were made at events throughout the week including the Eco Fair organised by Hart District Council (and Fleet Scoop). The event sparked lots of great conversations about climate change and those attending had an opportunity to hang their pledges on our new 'pledge tree' (a plum tree), which will soon be planted in the district as a symbol of our commitment.

Some fantastic pledges were made covering commitments such as reducing food waste, getting solar panels, buying an electric car, eating less meat, and insulating homes – all valuable carbon-reducing activities that will help our district reach net zero by 2040.

Electric vehicle charge points to be added across Hart

In our commitment to fight climate change, the Council has approved the installation of electric vehicle chargers across Hart.

The project will provide an expected 36 public charge points, both rapid and fast chargers, in council-owned car parks for residents and visitors to use.

Public car parks in Hartley Wintney, Fleet, Blackwater, Hook and Odiham are expected to get charge points. A detailed feasibility study will now be undertaken to finalise the exact locations, the types based on grid capacity and installation dates.

Climate change action plan

The Council has committed to being carbon neutral by 2035 and district-wide by 2040.

An updated action plan is expected to be published next year. An initial budget of £250,000 had been approved for the 2022/23 financial year to fund priority actions.

Home grants to help with upgrades

The following grants are open to Hart residents to help with home upgrades

Energy Company Obligation

For those who claim certain benefits or live in social housing. Get help with the cost of insulation work or replacing or repairing your boiler.

Find out more by either contacting your energy supplier or calling: 'Hitting the Cold Spots', **0800 804 8601** 9am – 5pm, Monday – Friday

Boiler Upgrade Scheme

Check if you could be eligible for money off low carbon heating technologies. Property owners could get up to £6K off cost and installation.

Full details at: www.gov.uk/guidance/check-if-you-may-be-eligible-for-the-boiler-upgrade-scheme-from-april-2022

Sustainable Warmth Fund

For those on household incomes of under £30K living in an E, F or G EPC rated property. Work includes a survey of your home, recommendations and upgrades, averaging £10K. Apply before 31 December.

Full details at: www.hampshire-applications.co.uk

Make a plan to upgrade your home

Home improvements can save a lot of money in the long term and while energy prices are high, the pay-back term could be much shorter.

You can get tailored recommendations for your home online at: www.gov.uk/improve-energy-efficiency

Save energy, save the planet

Why not try some of these free or low-cost measures for your home to save money, save the planet and reduce your reliance on fossil fuels.

Upgrade to LED lightbulbs: LEDs can be 50% more efficient and last three times longer than the older-style energy efficient bulbs. www.energysavingtrust.org.uk/advice/lighting

Fit free water-saving gadgets: Available free from your water supplier. Many devices regulate the water, saving not only water but energy on heating water too. www.southeastwater.co.uk/help/save-water/free-water-saving-devices

Switch off vampire devices: Vampire devices draw energy even when they're not being used. Phone chargers are a good example. By switching off once your phone is charged, you'll be prolonging its battery life too.

Adjust your heating controls: There are several things you can adjust to make your heating more efficient, beyond just turning the thermostat down. www.which.co.uk/reviews/boilers/article/tips-to-reduce-your-heating

Get a smart meter installed or an old one upgraded: 85% of smart meter households have made energy savings. While it won't automatically save you energy, it will help you manage and understand your energy usage better. www.smartenergygb.org/about-smart-meters

Helping you with the cost of living

Many residents are currently struggling with rising living costs. That's why it's important to know what help and support is available now – that could benefit you, a relative, friend or neighbour.

We've produced a summary of some of the services which may be able to help you during this difficult time but please visit our Cost of Living Support hub where you will find much more information.

It will be regularly updated so make sure to check back for any new support schemes and help at www.hart.gov.uk/cost-living-support-hub

Coping with your energy bills

Most energy companies offer help if you are struggling with your bills, including payment plans. Speak with your supplier as soon as possible to see if they can provide any assistance.

You can also get in touch with your local Citizens Advice office to find out if you are eligible for fuel vouchers and for general advice.

Call **0800 144 8848**, Monday to Friday, 9am – 5pm.

Fleet Lions has a fuel and utilities project which can help pay charges for local families in debt to their energy suppliers or water utility.

If you are struggling with your bills, email fuel@fleetlions.org.uk

The 'Hitting the Cold Spots' helpline helps Hampshire residents who are finding it hard to keep their homes warm.

It is open Monday to Friday, 9am – 5pm. Call **0800 804 8601**.

Help with buying food

Hart Foodbank

The Foodbank provides emergency food and support for families who are finding it hard to put food on their table.

Please call **01252 878435** to speak to Citizens Advice Yateley, a referral partner of Hart Foodbank.

Hart Community Pantry

Based at Yateley Industries, Mill Lane, Yateley, the Pantry provides food shopping at a reduced price. You register as a member and pay £5 per shop to receive at least £15 worth of food.

For more information, please email info@yateleyindustries.net or call **01252 872337**.

Darby Green Community Larder

At St Barnabas Church, Darby Green, every Thursday from 1pm to 2.30pm. You register as a member and pay between £2.50 and £5 (dependent on household size) for £10-15 worth of food.

Email FSSouthernCentral@fareshare.org.uk for a membership form.

Fleet Phoenix

Offer food and hygiene parcels to those families most in need at the Point Youth Centre, Harlington Way, Fleet.

If you need help, please email info@fleetphoenix.co.uk or call **01252 812308**.

Money worries and debt advice

If you're struggling to keep up with bills and debt payments, don't worry there are charities and organisations that can help. They include:

Step Change

They recommend the best solution or service for your circumstances and support you while you deal with money worries for as long as you need help.

Call **0800 138 1111**, Monday to Friday, 8am – 8pm, and Saturday, 8am – 4pm. www.stepchange.org

National Debtline

A national telephone helpline for people with debt problems.

Call for free debt advice on **0808 808 4000**, Monday to Friday, 9am – 8pm, and Saturday, 9:30am – 1pm. nationaldebtline.org

Citizens Advice

Offers information on a range of issues, including money and debt.

Call its Adviceline on **0800 144 8848**, Monday to Friday, 9am – 5pm. www.citizensadvice.org.uk

Warm spaces

Warm spaces or banks are welcoming safe places where people can go if they cannot afford to heat their homes this winter.

All libraries across Hampshire are running regular drop-in centres for people to go and get warm. They offer a range of free or low-cost resources, events, activities and learning opportunities, and provide a safe and inclusive community space for everyone, with access to free WiFi.

Fleet Library (next to the Harlington in Fleet Road)

The library is taking part in the Warm Welcome scheme, offering a free warm space to residents.

It is also running a:

- Coat exchange – where people can donate coats and/or take a coat.
- Games morning – every Friday, 10am – noon.
- Singalong – every Monday, 2.15pm – 3.15pm.

Yateley Library (School Lane)

Friendly Friday – a social drop-in for everyone and a chance to meet others for a friendly chat or game. Runs every Friday, 1pm – 3pm

Craft and Chatter – every Monday, 10am – noon

Warm bags

Local libraries have also been allocated warm bags to distribute to the community. Each pack will contain the following items:

- Thermal gloves, hat, scarf and socks
- Lidded, insulated cup
- Fleece or gilet
- Hot water bottle

Council support schemes

Council Tax Support

If you are on a low income, you can apply for a Council Tax reduction to help pay your Council Tax. You can claim Council Tax Support whether you are employed or unemployed.

To apply visit www.hart.gov.uk/council-tax-support or call **01252 622122** for more details.

Discretionary Housing Payments

If your rent is not met in full by Housing Benefit or Universal Credit and you are finding it difficult to pay, you can apply for extra help with a Discretionary Housing Payment.

Fill in our application form at www.hart.gov.uk/discretionary-housing-payment or call **01252 774420** for advice.

Local Welfare Provision Hardship Grant

This is a financial assistance scheme to help people who are in a crisis or emergency situation and where low-level assistance would prevent this situation from escalating. You must be 18 or over and live in Hart and not have savings that could meet your needs.

Email hardship@hart.gov.uk or call **01252 774420** to find out if you are eligible.

Sustainable Warmth

Fully funded government grant scheme to provide **FREE** energy-efficiency upgrades for your home.

For Hart residents who have:

- A household income of less than **£30K AND**
- A home with an EPC rating of E, F or G (this can be checked)

Apply before 31 December:

02921 680951

www.hampshire-applications.co.uk

Tackling homelessness this winter

The winter period presents the greatest health risks to those who are homeless and sleeping rough.

We have a No First Night Out approach to rough sleeping. This means we work in partnership with other key services to identify anyone new to the streets and act quickly to make contact and provide support.

Anyone finding themselves with nowhere to sleep for one night will be offered help and support by the Housing Service and should not have to spend a second night rough sleeping.

You can help us by reporting anyone you suspect might be sleeping rough by:

- Telephoning our Housing team on **01252 774239** or email dutyorefer@hart.gov.uk.

- Reporting via the Streetlink website at www.streetlink.org.uk or telephone **0300 500 0914**. This information will be reported to the relevant local authority.

Is your home at risk?

Anyone concerned about their housing situation can get advice and support from the Housing team. You should contact us as early as possible if you think your accommodation might be at risk.

You can call us on **01252 774239** or email housing@hart.gov.uk for initial advice. We also have a housing advice online form on our website at www.hart.gov.uk/housing

A member of the Housing team will be in contact within two working days to discuss your housing situation.

Using our new housing system

Our new housing system, called Home Connections, went live earlier this year. It provides a streamlined customer journey for those who need housing advice, those who wish to apply for social housing and those who are facing homelessness.

We have created videos to help you get the most out of the service, from registering to uploading documents. If you're unsure about how to use the system, take a look on our YouTube channel - go to www.youtube.com and search Hart District Council.

If you have any questions, please contact housing@hart.gov.uk or call 01252 774420 where a member of the team will be happy to help.

hart.homeconnections.org.uk

Calling all landlords: we need your help

We are looking for landlords within our district to assist the council to house a wide range of tenants.

Landlord benefits include:

- Guaranteed first month rent in advance
- Bond guarantee protected by the council
- Free tenancy agreements
- Free professional third party check in and check outs
- Expert housing officers to handle your letting

Contact: rentdeposit@hart.gov.uk

Supporting wildlife at Fleet Pond

The Countryside Service will be undertaking work this winter to continue to create more favourable conditions for wildlife at Fleet Pond, Hampshire's largest freshwater lake.

The team has secured over £100,000 funding from the Rural Payments Agency, in partnership with Natural England, to support these significant improvements.

The work, developed with Fleet Pond Society, will take place in the New Year for about a month. Due to the remote work locations, minimal disruption is expected to the public. However, you may be aware of our team if walking around the area and the contractors will also be using the newly-installed boat slipway to support the lake enhancements.

New management techniques will be used, such as the introduction of floating island bio-havens for wetland fowl to avoid disturbance and installing wooden debris reefs for fish and invertebrates to flourish. There will also be clearance of hard-to-reach scrubland areas and the addition of marshland scrapes. The removal of scrub build-up will increase water retention within the

marshes, allow some of the site's reedbeds to reconnect and means more light will be able to reach the water.

Open pools of water will also be created, benefiting many species such as the little egret, emperor dragonfly, common toad and marsh pennywort. Scrapes will create important areas of bare ground, helping nesting birds.

We will be planting waterlilies and reed plugs to improve the overall diversity and abundance of aquatic plants in the pond and introducing the Bogbean plant to help reduce the effect of geese grazing on the fresh aquatic plant growth. This allows for quicker, more successful plant establishment.

For further information about this project visit www.hart.gov.uk/fleet-pond-nature-reserve-sss

Fleet Pond Society will be carrying out an extensive programme of conservation tasks, working with Hart Countryside Service. This will run right through the autumn and winter up to the breeding season in spring. Volunteers who'd like to help should contact: volunteers@fleetpond.org.uk.

Fleet Pond is home to a large variety of wildlife

Volunteer with the Countryside rangers

Site checks, storage container builds and reedbed and flowerbed maintenance are just some of the tasks you can get involved with to help the Countryside rangers.

If you would prefer something less physical, you can help at one of the varied events we run throughout the year too.

Why not try a taster day to see if you'd like to become part of our expanding volunteer team?

Find out more and register at www.hart.gov.uk/volunteering

Memorial tree to be planted at Edenbrook

Following the death of Her Majesty Queen Elizabeth II on Thursday 8 September 2022 we will be planting a memorial tree in a peaceful area of Edenbrook Country Park.

The tree, an English oak of around 6m (nearly 20ft!), will provide a quiet area where people can sit and reflect. Alongside the oak, spring bulbs will be planted to bring some colour and a plaque added in memory of The Queen.

This tree ties into the long history of planting trees to commemorate key royal events, including the Queen's Green Canopy project running to mark the Platinum Jubilee and the Coronation oak in Yateley, planted in 1911 for the Coronation of King George V.

Give your running shoes a second chance

Our two leisure centres in Hart have joined forces with a campaign aiming to keep one million pairs of running shoes out of landfill.

Hart Leisure Centre and Frogmore Leisure Centre, run by Everyone Active in partnership with the Council, are each hosting a collection bin where members of the local community can drop off their unwanted running shoes.

These are then sent to charity JogOn which sends reusable pairs around the world to people who most need them.

JogOn estimates that every year in the UK alone, more than 30 million pairs of shoes end up in landfill, while elsewhere in the world around three million people suffer from foot-related diseases.

Kevin Wallace, Everyone Active's contract manager, said: "We would encourage people of all ages to donate their unwanted running shoes so that they can experience a second life, rather than simply going to landfill."

Start New Year with a parkrun!

Christmas can be an indulgent time, so if your New Year's resolutions include doing a bit more exercise you can hit the ground running by joining parkrun on New Year's Day at Edenbrook Country Park!

Runners meet at Hart Leisure Centre, Emerald Avenue, Fleet, GU51 5DW and the run starts at 9am, covering 5km across mixed terrain and finishing back at the leisure centre.

Edenbrook Country Park parkrun is organised by volunteers and supported by Hart District Council for the benefit of the community. It is free to attend but please register via the parkrun website before you join the event for the first time.

Participants are encouraged to walk, run or cycle to attend but if driving to Hart Leisure Centre please only park in 'Zone A', located at the back of the leisure centre car park. For full details please see www.parkrun.org.uk/edenbrookcountry
