

**THE HART DISTRICT COUNCIL (TEMPORARY ROAD CLOSURE)
(WELL ROAD, CRONDALL) ORDER 2021**

Notice is hereby given that Hart District Council pursuant to arrangements made under Section 101 of the Local Government Act 1972 with Hampshire County Council in exercise of the powers of the said County Council and in exercise of the powers under Section 14(1) of the Road Traffic Regulation Act 1984 (“the Act”), and of all other enabling powers, has made the following Order: -

Reason for Order: The Council are satisfied that traffic on the road should be restricted or prohibited because works are being or are proposed to be executed on or near the road.

Effect of Order:

All vehicles will be prohibited from proceeding along that length of Well Road for a short distance at the top of the driveway leading to the property known as Thistledown, close to the junction with Itchel Lane, as indicated by traffic signs. The closure is necessary on safety grounds to allow for sewer repair works on behalf of Thames Water.

Duration of Order:

From 31st May 2021 for a period of 6 months or until the works are completed, whichever is the sooner. (Notwithstanding the above it is expected that the closure will be required for no longer than ten days). Reasonable facilities will be provided to allow access to adjacent premises while the work is being carried out.

Alternative Route: From the northern point of closure via Itchel Lane, Hyde Lane, Swanthorpe Lane and Well Road to southern point of closure and vice versa, as indicated by traffic signs.

If you have any queries regarding the above, please contact Cappagh Construction on 020 8947 4000 or email infrastructure@hart.gov.uk.

John Elson, Head of Technical Services & Environmental Maintenance,
Hart District Council
