| The Highwayman Inn,<br>Monteagle Lane,<br>Yateley,<br>GU46 6LU | Surrey and<br>Hampshire Pub<br>Protection Group                    | 6 January 2015     | Following notification of the application to the owner of the premises evidence was submitted to the local authority on behalf of the owner of the premises by an expert witness. This showed that it is not realistic to think that the building can continue in a way so as to further (whether or not in the same way) the social wellbeing or social interests of the local community in the longer term.  |
| Church Meadow  | Winchfield<br>Parish<br>Council via<br>Neighbourhood<br>Plan Group | 1 April 2015       | <p>'Church Meadow' is located to the south west of the Church in Winchfield. It consists of a flat, open field. The application asserts that it is of community value in that it is the site of the Winchfield Festival for a week every two years.</p> <p>The definition of an ACV is that is the "actual current use ... that is not ancillary". This logically means that the community use must be the primary use of the land. Here the primary use of the land is as an agricultural field with the community use being at one week every two years ancillary to that use.</p> <p>While in that ancillary use it provides a 'social function' this is considered as a matter of fact and degree not to comply with the requirements in the Act and consequently should not be included within the list of Assets of Community Value.</p> |

| Part of CL131 Zephon Common<br>Zephon Common Lane<br>Crookham Village | Crookham Village Parish Council | 31 August 2016     | <p>The site forms a part of Zephon Common. The applicants identified that the land had been fenced and cultivated as part of the grounds of the curtilage of the current landowner at Riverside Cottage.</p> <p>The Assets of Community Regulations exclude some categories from listing. This includes residential property.</p> <p><i>“There are some categories of assets that are excluded from listing. The principal one is residential property. This includes gardens, outbuildings and other associated land, including land that it is reasonable to consider as part of the land with the residence where it is separated from it only by a road, railway line, river or canal where they are in the same ownership as the associated residence.”</i></p> <p>The land that is nominated, forms part of the curtilage of Riverside Cottage and is in a single ownership. The relevant Land Charge titles have confirmed this ownership.</p> <p>The land is therefore excluded under Schedule 1 to the Regulations.</p> |

| Part of the Deer Park, Odiham, Hampshire | Odiham Parish Council | 13 May 2019        | <p>The Deer Park is located in Odiham and is farmland that adjoins both the boundaries of Odiham and North Warnborough. The application indicated that it was accessible to the community via a number of gated entrances, with a network of footpaths that cross and circumnavigate the land with recreational value to walkers and that walkers, and especially those with dogs had been able to walk freely over much of the area.</p> <p>The applicant stated in the application that they had ‘no empirical evidence to support usage levels for the land referred to as the Deer Park in their submission but recognised that the land was identified as having particular significance to members of the community’. The applicant further indicated that the Deer park ‘fosters social wellbeing and social and cultural interests’ but no evidence was provided to support this. The definition of an Asset of Community Value is that the ‘actual current use .....that is not ancillary’. The primary use of the land is considered to be farmland. Whether the community use is ‘ancillary’ or not will depend on a number of factors relating to, for example levels and frequency of usage, and the nature of the connection with the local community.</p> <p>From the information submitted it is not clear that the community use is a significant use in its own right in this context, and not subsidiary to the use as grazing land.</p> <p>There is currently insufficient evidence provided to demonstrate this.</p> |

| The 'Cricket Green' ,<br>The Hurst, Winchfield,<br>RG28 8DE | Winchfield Parish<br>Council | 19 August 2020<br><br>(Previously listed in May 2015 – relisted in May 2020 following an application after the 5 year expiry period)<br><br>(Following a review, the decision to relist was overturned and the Asset was removed from the Council's list of assets of community value) | <p>Cricket Green was originally listed as an ACV in 2015 on the grounds that it had last been used 3-4 years previously as a cricket pitch; that as a sporting facility it would further the social well-being or social interests of the community; and that the use was likely continue to within the next 5 years (2015- 2020).</p> <p>This had not happened during the life of the original ACV designation. Cricket Green has not been used as a cricket pitch for nearly 10 years. The original justification for the ACV designation therefore no longer applies.</p> <p>The case put by the Parish Council in favour of re-listing as an ACV is that Cricket Green is the closest thing to a village green that there is in Winchfield Parish. The current owners are kind enough to allow the cricket green to be used throughout the year for various charitable events.</p> <p>To qualify as an ACV the use of the land for community events must either be the main use or a non-ancillary use.</p> <p>There was insufficient evidence to demonstrate that the main/non-ancillary use of Cricket Green is for community events. Consequently, Cricket Green failed to meet the legal test that its current non-ancillary use furthers the social wellbeing or social interests of the local community.</p> |
| Galleon Marine<br>Boatyard, Colt Hill,<br>Odiham            | Odiham Parish<br>Council     | 24 September<br>2020   | <p>The application applied to the land occupied by Galleon Marine boatyard on the basis that this furthered the social wellbeing of its numerous visitors and the local community.</p> <p>The definition of an ACV is that is the “actual current use ... that is not ancillary”. This logically means that the community use must be the primary use of the land. Here the primary use of the land is as a commercial boatyard, providing various services to those using its facilities - boat hire, repairs etc.</p> <p>The land and its use therefore does not comply with the requirements in the Act and consequently should not be included within the list of Assets of Community Value.</p>   |
