Dear Sir or Madam,

I am writing to support the new evidence on the gaps between the settlements of Crookham Village, Fleet, Church Crookham and Dogmersfield in the draft Crookham Village Neighbourhood Plan.

I live at [REDACTED]

As I drive and walk through Crookham Village, into Fleet, and into Dogmersfield (where I work), it is clear that the gaps between these settlements are hugely important. They prevent the different settlements from coalescing. Without them, we would lose the character of each settlement. The gaps are vital to the setting of Crookham Village, so I support policy NEO1 and the evidence supporting it.

Please take this submission about all the evidence (rather than particular paragraphs) into consideration.

Thank you.

Yours sincerely,

Debora Prieto.
