I write in support of the additional evidence attached to the Crookham Village Neighbourhood Plan

The gaps mentioned in the CVNP separate Crookham Village from Church Crookham, Fleet and Dogmersfield, preventing coalescence. Each of these villages is different, reflecting their unique history and growth – we must not make them little more than streets in the greater conurbation of Fleet. We can't undo the loss of gaps already lost due to planning decisions (most recently the Grove Farm / Land North of Netherhouse Moor), but must do all that we can to preserve those remaining.
