To whom it may concern,

I am writing to support the recent new evidence for the neighbourhood plan that supports the gaps between Crookham Village, Church Crookham, Feet and Dogmerfield. I support this new evidence as I believe in preserving the identity of different settlements and maintaining the character of each area and its landscape. As a resident in Crookham Village, it is important to me that view are maintained and footpaths between gaps remain available to all members of the public.

Sincerely,

Jodie McNamara
