I am writing to support the new evidence in the Draft Neighbourhood Plan.

My name is Mrs Jan Noble, currently living at [REDACTED]
[REDACTED]

As a past resident of Church Crookham, living on the boundary of Crookham Village, I have seen the the gap between Crookham Village and Church Crookham disappear with increased housing developments over the past 30 years.

It is vitally important to maintain the existing gaps, otherwise Crookham Village will disappear altogether.

The neighbourhood Plan should protect these gaps from any further large numbered developments, whilst recognising the village's need to thrive through small, appropriate additions.

Hartley Wintney Neighbourhood Plan has thought through their need to accommodate small developments, whilst protecting gaps outside its boundary.

The enjoyment, well-being, physical and mental health of people being able to walk through nearby fields and woodland is increasingly recognised and should be fostered, not denied.

Yours faithfully

Jan Noble.
