I support the reasons that the gap has been designated and consider it vital to sustaining the unique character and history of Crookham Village.

I support the landscape evidence and value the parish landscape for its unique and diverse character.

I use the footpaths through and around the parish regularly.

The extensive landscape evidence reflects the position and character of the landscape in the important gap.

The gap provides a sense of openness with views around the village that provides a unique identity that it is different from the growing urban environment of Fleet and Church Crookham.

The gap between Fleet and Crookham Village has been eroded by developments such as at Grove Farm and Watery Lane.

The gap provides support to key Conservation Areas in and around Crookham Village.
