Re: Appendix 3 supporting evidence for the whole Policy NE01 Preserving the Gap Between Settlements.

Name and Address: Mr Michael John Penton, [REDACTED]

I have read and fully support the written evidence provided. I regret that I am now of an age where I cannot articulate my own views but I do have a very simple thought on the matter. We are considering CROOKHAM VILLAGE which by it's very name indicates that it should be a village. I see no need to destroy all the merits of the village and believe the gaps should be totally preserved.

Regards

Michael Penton
