It is evident from the pie chart on page 12 of the additional evidence submitted by Crookham Village Parish Council just how important the local gaps are to the community. When my husband and I moved here 26 years ago, it was the unique and separate identities of Church Crookham, Crookham Village, Dogmersfield, Ewshot, Crondall and other local villages that made the area so attractive. Had we wished to live in a big conurbation, we would have found a house in Fleet or Farnborough.

I fully support the efforts being made to preserve the gaps and agree with the reasoning given in the additional evidence. The landscape in the gaps is unique and diverse and supports a great deal of wildlife. My husband and I regularly walk many of the footpaths in the local area, including in the local gaps, and it is hugely important to us that we are able to walk in open countryside. We do not wish to walk along corridors through housing estates. The benefits to spirit and soul to be away from built up areas are incalculable and this is recognised by Government planning policies.

There is more than enough development that has already taken place in the area in the last 26 years and it is unacceptable that every last bit of green space is fair game for developers to build on. Once this beautiful area is lost, it is lost forever. **(Continue on separate sheet if necessary)**
