Dear Neighbourhood Planning Department,

I'm writing this email to express my views that I strongly feel that the Gap between Crookham Village is immensely important.

The Gap provides a sense of identity and provides a individual feel to the Village between Church Crookham, Fleet and Dogmersfield. We moved into a Village for the community and friendly feel, and this will be go if the Village grows into just another suburb of Fleet and surrounding area.

I regularly walk along the footpaths fields with my children to give them exercise, and I find it really gives them a lot of appreciation of the countryside and nature as we discuss amongst ourselves about what birds and animals that we see. We all want the gap to remain to retain the character of the Village.

Many regards Rachel Herbert
