Dear Sir/Madam,

I am writing to provide Wokingham Borough Council's response about Hart District Council's CIL Preliminary Draft Charging Schedule that was in consultation in December 2021.

I apologise for the delayed response; staff resourcing was an issue last month.

We would like to inform you our response is as follows:

- The CIL rates proposed are set using appropriate available evidence.
- The CIL rates proposed have struck a balance between the funding of infrastructure and the potential effects on the economic viability of development.
- We have no further comments.

Kind regards,
Jennifer Stacey
