1 Introduction

- 1.0 The Infrastructure Funding Statement (IFS) is an annual report, which provides a summary of all financial and non financial developer contributions relating to Section 106 Legal Agreements (S106) received by Hart District Council (HDC).
- 1.1 The requirement to produce an IFS was introduced through changes to Community Infrastructure Regulations in 2019, which requires any authority receiving a contribution from development through the Community Infrastructure Levy or Section 106 Planning Obligations to prepare an IFS. This is the first IFS to be produced for Hart District and covers the monitoring period from 1 April 2019 to 31 March 2020.
- 1.2 Section 106 agreements can also be referred to as 'planning obligations'. The Community Infrastructure Levy Regulations 2010 (as amended) provides a definition of the limitation on use of planning obligations, :-

(2) A planning obligation may only constitute a reason for granting planning permission for the development if the obligation is—

(a) necessary to make the development acceptable in planning terms;

(b) directly related to the development; and

(c) fairly and reasonably related in scale and kind to the development.

- 1.3 Planning guidance on infrastructure states that for the purpose of monitoring, infrastructure should be categorised as follows:
- Affordable housing
 - Education
 - Primary
 - Secondary
 - Post-16
 - Other
 - Health
 - Highways
 - Transport and travel
 - Open space and leisure
 - Community facilities
 - Digital infrastructure
 - Green infrastructure

- Flood and water management
- Economic development
- Land
- Section 106 monitoring fees
- Bonds (held or repaid to developers)
- Other
 - Neighbourhood CIL
 - Mayoral CIL
 - Community Infrastructure Levy administration costs

1.4 In Hart, we also receive funds through S106 contributions towards sites for alternative natural green space (SANG) and contributions for Strategic Access Management and Monitoring (SAMM). Whilst SAMM contributions may not be strictly infrastructure, these are noted in this IFS as these are related to the management of infrastructure. This is a payment to promote the use of SANG to reduce the impact of visitors on the Thames Basin Heath Special Protection Area (TBHSPA). SAMM funds are passed to Hampshire County Council as the administrative body collecting funds across the TBHSPA to pass onto Natural England as the delivery body coordinating the implementation of schemes and projects. Both SANG and SAMM can also be secured and collected through planning conditions where necessary on smaller developments – these are not listed in this IFS.

N. B. Only contributions received through a S106 agreement are reported in the IFS, plus all monetary contributions are rounded to the nearest pound.

1.5 The IFS is required to report both monetary contributions or direct provision of infrastructure. However, Hart District Council is not directly responsible for some of the items of infrastructure listed above. In particular, in a two tier administrative area the County Council in this case Hampshire County Council is responsible for roads, education and community provision such as libraries. Whereas Hart District Council provides open space, affordable housing and green infrastructure. If a contribution is received but then passed on to another authority (i.e Hampshire County Council) then to avoid any double counting it must be noted that the contribution has been transferred 'spent' to the authority that will actually spend the money.

1.6 Throughout the IFS there will be references to the following terminology:

- Agreed – Contributions that have been agreed within a signed legal document. These contributions have not been received by HDC. N.B. if the planning application is not implemented then the funds will never be received.

- Received – Contributions received by HDC.
- Allocated – Contributions that have been received and identified for a specific purpose.
- Spent/ Delivered – Monetary or non-monetary contributions that have been spent/ delivered or transferred to another party.

2 Developer Contributions

- 2.0 In Hart District, a decision to proceed with preparation of a Community Infrastructure Levy (CIL) for the District was taken at the Council’s Cabinet meeting on 3 September 2020. It is anticipated this process will take some 12-18 months to complete. Once CIL is in place the IFS will be required to monitor both S106 and CIL receipts.
- 2.1 Up until there is an agreed CIL in place the Council will continue to secure funds/provision for infrastructure through Section 106 Planning Obligations.
- 2.2 Planning Obligations under Section 106 the Town and Country Planning Act 1990 (S106 Agreements), are legal agreements which can be attached to a planning permission to mitigate the impact of development – see para 1.2 above.
- 2.3 S106 contributions are usually in the form of a financial payment but they can also ensure direct or ‘in-kind’ provision, for example through the construction of affordable housing on a site.
- 2.4 All figures expressed in the following tables are net of any monitoring fees or charges. Typically the Council receives 5% of the value of the contribution in fees for the work undertaken to ensure that the planning applications are implemented in accordance with the signed agreements and any planning conditions. During the 2019/20 monitoring period the Council received approximately £43,500 in monitoring fees.
- 2.5 Also most contributions are indexed linked to ensure that they reflect current values when collected with the rate of interest being set out in the individual S106 agreements, but typically applied at four per cent above the base lending rate of National Westminster Bank.

3 Section 38 and 278 Highway Agreements

- 3.1 Additional legal agreements that can fund highway infrastructure are Section 278 (S278) and Section 38 (S38) Agreements. These are legally binding agreements made under the Highways Act 1990 between Local Highway Authorities in this case Hampshire County Council and developers. These agreements are required to secure alterations or improvements to the highway, as these do not involve Hart District Council these are not included in this IFS.
- 3.2 Hampshire County Council is also required to prepare an IFS so any S38/278 agreements with them or money collected by HDC and then transferred to HCC in the monitoring period will be expressed in that document, which can be viewed at :
<https://www.hants.gov.uk/landplanningandenvironment/strategic-planning/infrastructure-planning>

4 S106 Contributions Report

- 4.0 Schedule 2 of the Community Infrastructure Levy (Amendment) (England) (No.2) Regulations 2019, sets out the specific matters to be included in the IFS.
- 4.1 The following lists the key requirements, summary tables are set out in the following section with the detailed tables in the Appendices for Hart for the 2019/20 monitoring period:

Requirement	Appendix Reference
The total amount of money (incl non-financial matters) to be provided under planning obligations which were entered into and signed during 2019/20	Table A1
The total amount of money under any planning obligation which was received during 2019/20	Table A2
The total amount of money under any planning obligations which was received before the reported year which has been allocated but not spent by the authority	Table A3
The total amount of money (received under any planning obligations) which was spent by the authority during 2019/20 (including transferring it to another person to spend)	Table A4

Requirement	Appendix Reference
Details of any non-monetary contributions to be provided under planning obligations which were delivered during 2019/20 (affordable housing; education etc)	Table A5

5 S106 contributions summary

5.0 The tables below highlight the position as at 31 March 2020 as to the monies agreed, received, allocated and spent in Hart District.

Table 1 The total amount of money (incl non-financial matters) to be provided under planning obligations which were **entered into and signed** during 2019/20

For a full breakdown of sites and contributions see Appendix Table A1.

Infrastructure type	S106 monies £
Transport	919,386
Leisure (District and Parish)	812,689
Open space	15,061
SANG	1,162,206
SAMM	111,715
Affordable Housing	14,002
Town Centre Contributions (Fleet)	65,000
TOTAL	3,100,059
Infrastructure type	Non-monetary contributions
Affordable housing	75 units
SANG land	26.6ha

Table 2 The total amount of money under any planning obligation which was **received** during 2019/20

For a full breakdown of sites and contributions see Appendix Table A2.

Infrastructure type	S106 monies £
Education	788,392
Affordable Housing	1,917,320
Transport	45,634
SAMM	127,888
SANG	793,933
Parish Leisure	63,283
District Leisure	108,179
TOTAL	3,844,629

Table 3 The total amount of money received under any planning obligation prior to the monitoring period which was **allocated but not spent** during 2019/20

For a full breakdown of sites and contributions see Appendix Table A3.

These sums have been received by HDC and allocated/held for a specific purpose. . In terms of Parish Leisure, HDC hold this money pending any requests from the identified Parish Council to spend on local projects.

Infrastructure type	S106 monies £
Affordable Housing	5,541,670
Parish leisure	684,321
District leisure	1,494,936
Allotments (Hook)	19,679
NEAP	179,314
LEAP	43,046
Sports ground	30,850

Fleet Pond	481,149
Healthcare	275,000
Town centre improvements (Blackwater and Hawley)	20,144
SAMM	6,089
Education	14,587
SANG	393,662
TOTAL	9,184,447

Table 4 The total amount of money (received under any planning obligations) which was spent by the authority during 2019/20 (including transferring it to another person to spend)

For a full breakdown of sites and contributions see Appendix Table A4.

Infrastructure type	S106 monies £	Spent	Transferred to
Education	751,100		HCC
Transport	5,762		HCC
District Leisure	82,277	HDC	
Parish Leisure	6,567	HDC/individual parishes	
TOTAL	845,706	88,844	756,862

Table 5 Non-monetary contributions provided under planning obligations which were delivered during 2019/20

For a full breakdown of sites and contributions see Appendix Table A5.

Infrastructure type	Quantity
Affordable housing	224 units

Table 6 Estimates of future receipts in 20/21 monitoring period

The following table includes estimates for those major developments in the District which are under construction and it is anticipated will continue to be implemented at a similar pace during 20/21 and where a trigger to release a further financial contribution will be reached.

Site	Infrastructure type	S106 monies £
North East Hook	District Leisure	250,270
	Parish Leisure	126,550
	SAMM	236,980
Edenbrook Village, Hitches Lane, Fleet	Education	231,652
Hartland Village	Fleet Pond	500,000
Watery Lane, Church Crookham, Fleet	Primary Education	707,000
	Secondary education	861,280
	District Leisure	290,220

6 Future Spend

- 6.0 The Council prepared an [Infrastructure Delivery Plan](#) (June 2018) to inform the preparation of the Hart Local Plan 2032. This identifies a number of infrastructure projects and potential sources of funding, including from S106 agreements. The intention is that this document will be updated as part of the evidence base for the Community Infrastructure Levy charge to be prepared.
- 6.1 The Council's [Capital Programme](#) of key projects and spend, is expressed as part of the Council's budget for 2020/2021.

Appendices

Glossary

Agreed – this refers to the item of infrastructure whether a financial sum or in-kind contribution that's been agreed through the S106 agreement which has been duly signed by all relevant parties and is binding.

Allocated – this refers to an item of infrastructure whether a financial sum or in-kind contribution. These sums are held by HDC pending requests to spend against a specific project or site. With regard to parish leisure contributions, these funds can only be spent in that parish.

District Leisure – a financial contribution calculated on a tariff basis per dwelling towards district wide projects.

HDC – Hart District Council, the local planning authority for collecting and monitoring infrastructure funds through S106 agreements.

HCC -Hampshire County Council are responsible primarily for transport and education matters and may also be a signatory to a S106.

IDP – Infrastructure Development Plan, a document identifying items of infrastructure required across the District, linked with identified development through the Hart Local Plan together with responsible bodies to deliver the infrastructure and sources of funding.

Monitoring fee - a fee charged to cover the administrative costs of monitoring agreements.

Parish Leisure - a financial contribution calculated on a tariff basis per dwelling towards local parish based projects.

Received - this refers to money for an item of infrastructure which has been actually received by HDC.

SAMM – Strategic Access Management and Monitoring - A payment collected by the District Council to employ a range of potential measures to mitigate negative impacts from recreational disturbance. These can include habitat interventions, access management, engagement with, or enforcement action of, on site visitors and on and off-site measures. SAMM [revised tariff](#) agreed October 2020.

SANG - A specifically identified green space provided in areas where development could bring increased visitor pressure on TBHSPA. SANGs are an essential element of the Council's avoidance and mitigation strategy for the TBHSPA. They aim to reduce pressure on the TBHSPA by providing attractive green spaces that people can use for recreational purposes instead of the TBHSPA.

Spent – where a financial contribution received has been used to pay for the infrastructure identified.

Transferred - where a financial contribution received has been transferred to another authority that will spend the money to pay for the infrastructure identified.

Table A1

The total amount of money (incl non-financial matters) to be provided under planning obligations which were **entered** into during 2019/20.

During the monitoring period there were six, S106 legal agreements finalised and signed in Hart District.

All contributions both financial and non-financial are included in the table below: however it should be noted that some matters fall outside the definition of infrastructure, such as payments for Strategic Access Management and Monitoring (SAMM) for the Thames Basin Heath Special Protection Area (TBHSPA).

Site Planning reference	Brief Description of proposal	Purpose of funding	Monetary contribution £	Non monetary contribution	Lead authority	Comments
Hawley Park Farm Hawley Road Blackwater Camberley GU17 9EF 18/00334/FUL¹	158 dwellings, access from Hawley Road, provision of SANG, public open space, landscaping and associated works	Off site transport contribution*	502,500		HCC	See footnote below
		School travel plan	58,500		HCC	
		Leisure (District and Parish) *	812,689		HDC	See footnote below

¹ 18/00334/FUL – planning permission was allowed on [appeal](#), the planning inspector deemed a number of contributions (marked with *) did not comply with the requirement to be necessary to make the development acceptable in planning terms. These changes have not however been reflected in the signed S106 agreement, although it is understood a Deed of Variation is in progress, therefore any changes will be picked up in the 20/21 IFS.

Site Planning reference	Brief Description of proposal	Purpose of funding	Monetary contribution £	Non monetary contribution	Lead authority	Comments
		SANG ²	1,161,206	26.43 ha of land + car park	HDC

125-147 Fleet Road, Fleet 18/02783/PRIOR	c/u offices (B1a) to dwelling house (class C3) to form 33 flats (13 x 1 bed and 20 x 2 bed)	Transport	32,636		HCC	Costs towards Albert Street/ Church Road and Albert Street/Upper Street, uncontrolled pedestrian crossing.

² SANG – Suitable Alternative Natural Greenspace, semi-natural public open space that mitigates the impact of new homes on the Thames Basin Heath SPA (TBHSPA), by providing land that can be used for recreation as an alternative to visiting the TBHSPA.

³ SAMM – Strategic Access Management and Monitoring and includes measures undertaken to reduce the impact of visitors on the SPA by promoting SANG. Access management measures are provided strategically across the TBHSPA co-ordinated by Natural England as the delivery body and Hampshire County Council as the administrative body, The Council agreed an updated [SAMM tariff](#) at its Cabinet meeting on 1st October 2020.

Table A3 The total amount of money under any planning obligations which was received before the reported year which has been allocated but not spent by the authority

This money has been received before the monitoring period and is being held by HDC pending any requests to spend. The following table is therefore in two parts, contributions from larger developments and then a list of smaller contributions set out per parish.

There are numerous entries for District and Parish Leisure, any amounts less than £100 have not been recorded in the following tables.

Site Planning Reference	Brief description of proposal	Monetary Contribution	Purpose of funding /Comments
